Petitions to deny this application must be on file no later than 15 days from the date of the notice accepting this application for filing.

Petition to Deny filed 01/11/2018 by G B BROADCASTING COMPANY

The Petition to Deny filed 1/11/2018 by GB Broadcasting Company IS HEREBY DENIED 1/30/2018 via Public Notice. No letter sent. Petitioner fails to demonstrate that grant of this application would violate any Commission rule or policy. Petitioner alleges that interference would be caused by the translator to listeners of first-adjacent channel station WBGV(FM), Marlette, MI, in violation of 47 C.F.R. Section 74.1204(f) of the rules. The applicant has submitted "comments from its listeners," purporting to show that several people listen within the proposed 60 dBu contour of the translator, as required by Section 74.1204(f). Our review of the petition shows that the petitioner has not provided sufficient information to demonstrate a violation of Section 74.1204(f). To provide convincing evidence under Section 74.1204(f) that grant of a translator construction permit will result in interference to the reception of any station, that station must provide some evidence, such as a declaration from each of the claimed listeners, that the person, in fact, listens to the full-service station at the specified location(s). See Association for Community Education, Inc., Memorandum Opinion and Order, 19 FCC Rcd 12682, 12687 (2004). The list provided by the petitioner merely provides general statements about listening to WBGV(FM). It fails to include any specificity about the locations where people listen to WBGV(FM). Accordingly, we grant the application. Please note, Section 74.1203(a) states that should the translator commence operation and cause interference to WBGV(FM), the translator will be required to eliminate the interference or cease operation.
